A clean town never needs to advertise the fact. It speaks.

Stick to the farm, young man and its wealth will stick to you.

Of course famine is sweeping over northern Mexico. Villa and his horde are abroad again.

Great men are often great in the eyes of everyone but those who know them best.

Life is just what each person makes it, but some are too lazy to do the making.

There's a lull in the storm on the border, but the lull usually precedes the greatest blows.

The man who hustles never has to wait for the fellow in front to get out of the way.

The man who goes through life looking for an opportunity to kill two birds with one stone usually misses both.

Scarcity resulting from the war has advanced the price of quinine 750 per cent. But who cares? We don't like the stuff, anyway.

The young man who is too good to work, in time becomes the old man who can't get work. But the lesson is seldom learned until too late.

When a fellow sits around, does nothing, and criticizes everything, and everybody, he makes of himself the greatest object of all criticism. Speak the good word instead.

The ministers of the town have issued a call for a meeting to be held next Sunday afternoon at the M. K. Church in the interest of a cleaner and better town. Don't fail to be on hand.

There comes a time in the life of most men when they see their imperfection more vividly than others see them. It is then that they are on the way to becoming better men of nobler deeds.

Rock Church

Threshing in this vicinity is over. B. H. Link is laid up with typhoid fever, but we are glad to report it improving at this writing.

Wm G. Surgenor, who is in the regular army "Engineers," stationed at Canal Zone, writes home he is having a good time, but he longs to see dear old Sunny Tenn.

Misses Odell and Izora Leech visited their aunt, Mrs. Nanette Eccles. Less Duke is laid up with fever at his home on the Franklin road.

Mrs. Clara Foster and Mrs. Irene Foster are down with the measles at their home on the Columbia road.

Mrs. Piney Duke is in Dickson at the bedside of her son, Polar, who is ill with fever.

Miss Maude Martin is on the sick list.

Miss Frankie Lee Eccles was visiting in Dickson last week.

R. D. Allen, after being confined at St. Thomas' Hospital in Nashville, will return home Saturday.

Miss Marietta Eccles visited her sister, Mrs. Edna Allen, on Sulphur Fork last week.

FOR SALE—5-room residence on South Main street, now occupied by J. P. Beakley. Will sell at a bargain. See J. F. McCaul, Dickson, Tenn.

RENEWED TESTIMONY

No one in Dickson who suffers backache, headache, or distressing urinary ills can afford to ignore this Dickson man's twice-told story. It is confirmed testimony that no Dickson resident can doubt.

J. B. Ballard, painter, Church St. and Rickert Ave., Dickson, says: "My back ached and I had pains through my kidneys. My kidneys were also weak. I used Doan's Kidney Pills, procured from the Myatt Drug Co., and they made me well. I have had no trouble since." (Statement given February 15th, 1911.)

On April 8, 1915, Mr. Ballard said: "The cure Doan's Kidney Pills gave me has been permanent. Go ahead and use my statement, for I have found people who have bought Doan's Kidney Pills on my recommendation and have likewise been cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ballard has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

T. R. V. Schmittou's Legislature Platform.

To the Dickson County Herald:

Please allow me through your valuable columns to make my word good to the voters of Dickson County, as I stated through your paper when I made my announcement as a candidate for the Democratic nomination for Representative of my county that I would outline to them what I am, where I stand, what legislation I stand for and such as I oppose.

I come before the people as a loyal Democrat, believing in its principles and teachings for justice and honesty between man and man. I favor a law being placed upon the statute books to place the remainder of all the old Confederate soldiers upon the pension list of our State who can show to the Pension Board that they rendered actual service in the war between the States, without so much red tape in getting up the proof of their claims. Being such a few of them I feel that they should be remunerated for their services.

I favor a Fellow Servant's bill. I favor the abolishment of the Jarvis law. I favor the abolishment of the State Game Warden office at three thousand dollars per annum at the expense of the people and no profit derived from same. I oppose our present school law—one to force you to send your child to school, and another law to force you to take your child out of school. Such tactics should have never been tolerated by an intelligent Legislature. What is it? Most naturally, class legislation—professional legislation. If the Professor is not competent to instruct your child over the eighth grade turn him or her down and put some one up that is.

Educate your child at home like we did in days gone by—when the heavens poured out its blessings upon all mankind; when we were not burdened to death with taxation and professional legislation. I stand for the repeal of the law that created the County Board of Education of our county at the expense of the taxpayers with no profit—more professional legislation.

I favor the repeal of the Fish and Game law. I think a free man should have free access to his possessions that he pays taxes on. Give me laws that make me free and I will show you a good government; give us prohibition and I will show you oppression—the things that the people will not stand for. Give us freedom by legislation.

I stand for the repeal of our present assessment law. The Magistrates of our districts in the county should assess the poll and property tax, by so doing, the assessment would be accurately and properly done.

I never was favorably impressed with the creation of the County Judge office in our county, and think that the office should be abolished at the expiration of the term. I favor the County Superintendent of Public Instruction being elected by a popular vote of the people, like all other county officials. I favor a law being placed upon the statute books that any person who loans money and exacts personal security to a note should be required to collect said note within thirty days after maturity, or renew same in order to release the securities on same. Such a law would release a great many people from paying security debts of long standing. I favor a law declaring all notes null and void and uncollectable that carry on their face a ten percent attorney's fee. Where there is no litigation upon the part of the parties that execute said note, such as the International Harvester Machine Co. of America and Fertilizer Companies put out upon the people, the attorney is not entitled to fees only in litigated cases. To burden the poor farmer with unnecessary fees is to gratify the ambition of the manufacturer. I am opposed to increasing the salaries of the rural district school teachers. Such a law would mean a special levy of tax for that purpose or rob the school children of the school fund, or class-legislation for the rural district school teacher.

I am opposed to any further rigid legislation to enforce the state-wide prohibition laws of our state. The next step in

law would be to make it a felony for a man to be found with a flask of alcohol in his mansion, all of which one of my opponents has declared for.

In conclusion, I wish to say that I am a local option democrat, believing as I do that the people of the State of Tennessee should have the right to say by their ballot at the box whether or not we should have state-wide or local option, believing that said question is just as essential to satisfaction of the people as to submit an election to the people for a Constitutional Convention or Woman's Suffrage. Believe me that I am for the people of my county and have their interest at heart—especially the farming and laboring class of people. I neither drive pills into your gizzard, edit newspapers nor operate automobiles; I am a plain hillside farmer and live by the sweat of my brow. Take care of me and I will take care of you.

Very respectfully,
T. R. V. SCHMITTOU.

NON-RESIDENT NOTICE.

VISTON TAYLOR, Trustee

vs.

MOLLIE TAYLOR, Et Al.

In Chancery Court at Charlotte, Tennessee.

In this cause it appears to the Clerk and Master from the bill, which is sworn to, that Frank Wolf and Hershel Wolf are non-residents of the State of Tennessee, so that the ordinary process of law cannot be served upon them.

It is therefore ordered by me that the said Frank and Hershel Wolfe appear at the courthouse in the town of Charlotte, Tenn., on or before the FIRST MONDAY IN SEPTEMBER, 1916—it being the first rule day in September—and plead answer or demur to the bill filed against them in this cause, or the cause will be proceeded with ex parte as to them.

It is further ordered by me that a copy of this order be published in the Dickson County Herald, a newspaper published at Dickson, Tenn., for four consecutive weeks, the last publication to appear more than one week before the first rule day in September, 1916.

Given under my hand at office in Dickson, Tenn., July 31, 1916.

YOU May Die Tomorrow

If death should overtake you tomorrow, is your family provided for?

Or would your faithful wife have to seek employment?

Would your daughter have to leave school and possibly be "forgotten" by her more fortunate friends?

And would your young son have to forego an education and a promising career because immediate bread would be needed at home?

These are not pleasant thoughts for any husband or father to dwell upon, yet duty to one's family demands that they be courageously faced.

The remedy lies in safe and economical life insurance. It costs little today and makes ample provision for the morrow.

Will you let me explain it to you—how much it will do for your family and how little it'll cost?
